## About This Game

Delve into a thrillingly, strategic competitive collectible card game where you'll battle your opponent in rounds of war with simultaneous decision-making. Riddled with tension and suspense, you'll need to make snap decisions in battle, anticipate your opponent's next move, and strategically build your deck to dominate.

Based on the classic card game of war, Wagers of War is accessible and engaging without compromising the depth of a collectible card game. Designed with a colorful painterly art style and loveable, quirky characters, you'll feel the world around you come to life.

Balance lighthearted mana rounds with high-stakes, quick-fire war rounds and long-term card collection while playing online with players around the globe. Unleash your inner mastermind in this fully immersive, accessibly deep, and satisfyingly strategic game of war that combines intense real-time competition with card collection.

### Features:

- Real-time war rounds creating an intense game of anticipation
- Accessible gameplay that simplifies a CCG without sacrificing strategy or depth
